

## ACTenviro Announces Acquisition of Fremouw Environmental

SAN JOSE, CA, March 30, 2021 — ACTenviro, a nationally-recognized environmental and hazardous waste management firm, announces the acquisition of Fremouw Environmental Services (FES). As a part of the purchase, ACTenviro is welcoming a distinguished team of environmental professionals and experienced field crews. The business deal expands ACTenviro's fleet and specialty equipment throughout the western United States.

*"This partnership is a natural fit," explained Tim Smith, CEO of ACTenviro. "With similar visions and cultures, the combined companies are poised for immediate success. Our shared commitment to safety and reliable service will not change. Clients of both companies now have access to expanded capabilities, environmental expertise, specialty equipment, and more local resources to support their environmental needs."*

FES provides a complete range of industrial services, waste management, and emergency response throughout California. *"We are excited to continue providing the same high-quality service to our long-term clients and grow our business backed by the strength and resources of ACTenviro,"* remarked Ted Fremouw, FES President and CEO.
